NETBIZ SAMPLE / FICTIONAL BUSINESS

CLEARVIEW YARD CO.

Make room for your next outdoor project.

A clearer conversation starts here.

This sample service sheet shows how a landscaping business could explain its enquiry process. All business details are fictional; no availability, qualifications or results are claimed.

01 **Show the starting point**
Share current photos of the space and describe what you want to change.

02 **Explain the priorities**
Tell the team about your area, practical access details and the outcome you have in mind.

03 **Confirm the proposed work**
Discuss project fit, timing and a written scope before agreeing to services or payment.

YOUR NEXT STEP

Prepare a few current photos and a short project note. A real business would place its approved contact details here before publication.

Illustrative layout by NetBiz LLC. Fictional business; not a live offer or customer testimonial.
